See "NEW YORK CITY DIRECTORY" for sub-
scribers in Greater New York.

Call Central Office "Information" for the numbers of
new subscribers and for subscribers in other Divisions.

General Information

Subscribers are requested to report any irregularity of the service to the "Central Office Manager," using another telephone if necessary.

Payment and Adjustment of Accounts

Bills for Telephone Service are payable at the District Agent's Office. See name and address on outside front cover.

All communications relative to the payment or adjustment of accounts, contracts for additional service, or changes in service, removals, etc., should be addressed to the Local Agent's Office.

Free Calls

Calls from any station in the territory of The New York & New Jersey Telephone Company to any department of that Company may be made without charge.

Attachments to Telephones

The Company is responsible for the character of the service which it renders.

It supplies all telephone apparatus necessary for good service, and therefore cannot permit the attachment of the various unauthorized devices offered for sale, which are supposed to improve transmission, eliminate noise, supplant the Telephone Directory, etc. All such devices are unnecessary and many are detrimental to the service. Subscribers' contracts provide that "the instruments and lines shall be carefully used and only as herein stated and no instrument or appliance not furnished by the Company shall be attached or used in connection with them."

Upon request an Agent of the Company will investigate any cases where unusual conditions seem to necessitate the use of special apparatus.

Identification of Employees

Employees who are authorized to install, examine, exchange or remove any of the Telephone Company's apparatus are furnished with a metal badge bearing the Company's name and a number. Subscribers are requested to refuse access to their premises to applicants unable to furnish proper identification.

SPECIAL NOTICE

The Company assumes no liability for damages arising from errors or omissions in the making up and printing of this Directory; nor can it guarantee the permanency of call numbers assigned or to be assigned. Subscribers are, therefore, advised not to print telephone numbers on stationery, etc., but to use the phrase, "Telephone Connection."
