Home Comfort

THERE is no greater convenience and comfort in the home than a telephone. It enables us to talk with our friends. It does the marketing and the errands. It calls the doctor. It gives us a sense of protection and an ability to cope with every emergency.

The uses of a telephone in the home are almost countless. The whole family depends on it.

By the way, have you a Residence Telephone?

NEW YORK TELEPHONE COMPANY

Every Bell Telephone is a Long Distance Station

"JUST arrived? Well, come right up!
We'll be waiting for you."

When a friend arrives in town unexpectedly, if he has forgotten your address, the most natural thing for him to do is to consult the Telephone Directory and see if *your* name is there.

The Telephone furnishes the quickest means of getting in touch with your friends. You should put yourself within their call by having Telephone Service.

*Why not arrange for
Telephone Service now?*

NEW YORK TELEPHONE COMPANY

Telephoning a Telegram

Lady (to telephone operator)
—"Telegram."

Western Union Telegraph Operator (answering telephone)—"Western Union."

Lady—"Will you please take this telegram?"

W. U. Operator—"All right; what is your telephone number?"

Lady—"North 3264."

W. U. Operator—"To whom is the telegram going?"

Lady—"Mrs. John Smith, Dowagiac, Michigan."

W. U. Operator—"Has she a telephone? It will facilitate the delivery of the telegram if we know her telephone address."

Lady—"Yes, Main 364."

W. U. Operator—"The telegram now, please."

(*Lady dictates telegram, W. U. Operator recording as she dictates.*)

W. U. Operator—"The signature, please; your address."

Lady—"Mrs. Mary Anderson, 470 Clay Avenue."

W. U. Operator—"Are you the telephone subscriber?"

Lady—"Yes."

W. U. Operator—"All right. Charges for this telegram will appear on your regular telephone bill. I will repeat the telegram to you."

(Repeats.)

Lady—"That's right; thank you."

(*Hangs up receiver.*)

THIS little dialogue with variations is being repeated many times each day by those who have learned to take advantage of the convenience and time-saving qualities of the telephone in supplementing the work of the telegraph. Remember, when you want to send a telegram, just go to your telephone and say "Telegram." It is well to have in mind exactly what you wish to say. You might write the message on a memorandum pad or piece of paper. It is also well to give, if possible, the telephone address. This saves time in the delivery of the telegram.

Then—Just say "Telegram."

The Western Union Telegraph Co.

Telegrams, Cablegrams, Night Letters or Day Letters may be sent from any Bell Telephone

It is a very simple matter to send any kind of a telegram by telephone. All you have to do is to go to your telephone and say "Telegram"—the telephone and telegraph operators do the rest. The following information and suggestions are given, however, for the purpose of facilitating the work and securing closer co-operation between the person sending the telegram and the one receiving and recording it.

1. Determine exactly what you wish to say. Writing out the telegram on a slip of paper will help you. Give the telephone number of the party addressed if possible—this facilitates delivery.
2. Signal the telephone operator in the usual way and say "Telegram."
3. Dictate your message to the answering *telegraph* operator, who will repeat same to you to insure correctness.
4. Telegrams may be sent collect from any Bell Telephone or may be paid for by the sender in the following manner:—
 - (a) Charges for telegrams from *subscribers' telephones* will be billed against the telephone subscriber, even though the sender of the telegram may not be the subscriber.
 - (b) Charges for telegrams sent from attended public telephones should be collected by the attendant.
 - (c) Charges for telegrams sent from attended public telephones in the hotels or from hotel rooms, should be collected by the hotel. The Telephone Company, in turn, will bill the hotel.
 - (d) Charges for telegrams sent from coin-box public telephones will be collected in the same manner as telephone charges are collected; that is, the telephone operator will advise the amount to be deposited.

Just Say "Telegram"
